  - What are the foundation courses that an entrepreneurship student will have to complete before taking major specific courses?
  - Information is needed in the report that indicates that other College of Business majors can take entrepreneurship major courses.
  - Questions #12 and 13 need to be completed otherwise Academic Affairs will kick back proposal.
  - Letters of support are needed from other programs on campus including the entrepreneurship leaders council.
  - Letters of support are needed that indicates that University of Iowa and UNI don’t offer entrepreneurship major.
  - Proposal should indicate that this major is the first in the state.
  - Points 1a and 1b need to be strengthened.
  - How did you come-up with the enrollment forecast? Need to indicate that this program will generate student interest from across the College of Business. Rationale for the enrollment count is needed; this is a recurring question of concern.

  - The committee delayed a vote on the proposal because several items were missing (e.g., complete info on the credit requirements for the major.)
