RPA Agenda: Jan. 18, 2007  8:00AM Provost Conference room

The Provost will not be joining us, as she and some of our members will be attending the President’s leadership breakfast at 7:30. I would like for those of us who can attend to spend this time thinking about the future and how RPA can and/or should function in the future.

(1) Budget Model Recommendation

The Faculty Senate approved the motion to recommend President Geoffroy adopt the budget model. Assuming that he does so, where do we go from here?
  What does the RPA need to do to prepare for its role in the new system?
  What are the key issues about the new budget model that we should prepare to deal with?
  What is the status in the colleges of planning for implementing faculty participation?
  What do we need to do to prepare our welfare and benefits committee?

Other ideas from the members?
